

## 3 v 3 + 2 with target players

**Category:** Small-Sided Games

**Difficulty:** Moderate

Reseller-Club: Premier Users' Club  
Alesha Weicker-Pasternak, Edmonton, Canada

### Target Game

- 3 Passes then play it to either target = 1 point
- 3 Passes, then play it from 1 target to the other without the other team intercepting = 2 points
- The center line is there just as a reference point. If the ball is one on side A, then the target on side B is the target that has to be played.
