**ACTIVITY #1**

**Set up:** 16 players are split into 4 groups of 4 with 1 ball as shown.

**Instructions:** Players pass and move freely - all passes must be "the way you face" - NO TURNING!
The following progressions / passing sequences are performed -

Pass and switch places with the receiving player.
All short passes 5-10m

Opposite movement - check "away" before moving to the ball.

**ACTIVITY #2**

**Set up:** Players are positioned inside a 15x15 yard grid as shown. A 2v2 + 2 perimeter players is organised. 16 field players performed the activity (2 groups of 8 players were working at the same time - for illustration purposes only 1 group of 8 is shown)

**Instructions:** The 2 players inside the grid attempt to maintain possession of the ball and score points by playing a wall-pass with their perimeter support players. Perimeter players are limited to 1-touch play. Inside players must pass to their teammate inside the grid prior to scoring a point with the perimeter players.

*Switch perimeter players often to avoid fatigue.

**Coaching Points:**
Communication at all times. Awareness, know where the support players are before receiving the pass. Technique under pressure.

**ACTIVITY #3**

**Instructions:** Players attempt to maintain possession through quick ball movement. Points are scored for successfully playing to a target player and receiving the return pass. The next point must be scored by working the ball to the target player at the opposite end of the grid. Players are limited to 3-touch restriction and are encouraged to only 'play the way they face'.
